

Problems With Certain Applications

Outlook / Outlook Express - line-breaks aren't preserved!

There is a bug in OE that drops line-breaks between paragraphs. It isn't ClipMate's fault. One of our users asked Microsoft, and this is what was posted to Usenet:

Newsgroups: microsoft.public.inetexplorer.ie4.outlookexpress

Date: November 24, 1997 3:35 PM

Subject: Re: preserving line breaks between grafs

That is a known bug in the HTML engine used by OE. To work around it, type a space character in the original "blank" line.

Unique solution ID: #1042
